DETAILED ACTION

1. The amendment filed October 10, 2005 has been received, entered and carefully considered. The amendment affects the instant application accordingly:

- (A) Claims 2-4, 15, 17, 19 and 20 have been canceled;
- (B) Claims 1, 16 and 18 have been amended;
- (C) Comments regarding Office Action have been provided drawn to:
 - (I) 112 2nd paragraph rejection, rendered moot by new ground of rejection;
 - (II) 102(b) rejection, which has been withdrawn in part;
 - (III) 103(a) rejection, which has been withdrawn.

2. Claims 1, 5-14, 16, and 18 are pending in the case.

3. The text of those sections of Title 35, U. S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

4. Claims 5 and 13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In Claim 5, line 1 and Claim 13, line 2, the phrase "alkali extraction" lacks clear antecedent basis by being dependent from Claim 1 because Claim 1, as amended, does not set forth a process step that involve "alkali extraction".

5. Applicant's arguments with respect to Claims 5 and 13 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

6. Claim 14 stands rejected under 35 U.S.C. 102(b) as being anticipated by Sihtola (US Patent No. 3,935,022) for the reasons disclosed on pages 2 and 3 of the Office Action mailed July 8, 2005.

7. Applicant's arguments filed October 10, 2005 have been fully considered but they are not persuasive. The Sihtola patent discloses a process for precipitating hemi-cellulose (see abstract) wherein the hemicellulose is separated from the reactants thereof, which anticipate the purified hemicellulose of instant Claim 14. Claim 14 being

Art Unit: 1623

in the form of a product-by-process does not negate the hemicellulose product disclosed in the Sihtola patent since the Office considers product-by-process claims to be product claims and process limitations cannot impart patentability to a product that is not patentably distinguished over the prior art. *In re Thorpe et al.* (CAFC 1985), supra; *In re Dike* (CCPA 1968) 394 F2d 584, 157 USPQ 581; *Tri-Wall Containers, Inc. v. United States et al.* (Ct Cls 1969) 408 F2d 748, 161 USPQ 116; *In re Brown et al.* (CCPA 1972) 450 F2d 531, 173 USPQ 685; *Ex parte Edwards et al.* (BPAI 1986) 231 USPQ 981.

Allowable Subject Matter

8. Claims 1, 6-12, 16 and 18 are allowed.

9. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record does not teach or fairly suggest a process for the separation of purified hemicellulose from insoluble cellulose comprising the steps of adding alcohol to the caustic liquor to precipitate the hemicellulose so that the hemicellulose floats on top of the caustic liquor and alcohol and density separation of the floating hemicellulose precipitate from the insoluble cellulose and cellulose-hemicellulose complexes in caustic liquor simultaneously with precipitation of the hemicellulose wherein the ratio of alcohol to water in the caustic liquor is about 3:1 to 9:1.

10. Claims 5 and 13 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Summary

11. Claims 1, 6-12, 16 and 18 are allowed; Claims 5, 13 and 14 are rejected.

Conclusion

12. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1623

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
